

Personas

Created personas using Canva

Event Organiser

This person use cases are:

- Create tournament to start organising an event
- View team info to see the team's composition and history
- View team leaderboard to update on tournament progress
- etc...

LUCA ACCETTA

E-Sport Event Organiser

Personal Data

Age: 23

Accessibility: Dyslexia

Location: London, UK

Work: Embedded Software Engineer

Technology Capability

- Proficient in websites
- Good with software
- Familiar with mobile apps

Digital Ecosystems

- Use an Android phone
- Use Microsoft Edge to browse the web
- Use Battle. Net to play games

Bio

Dedicated gamer with 10 years of experience in tactical shooter games.

Recently tasked with organising a small scale company wide e-sport event to build team synergy.

Goals

- Ensuring the tournament runs smoothly
- Having an inclusive tournament
- Making the tournament engaging

Frustrations

- Planning date and time for matches
- Tracking team progression in the brackets
- Establishing rules and ensuring compliances

Spectator

This person's use cases are:

- View team info to see team's match history
- Search overwatch tournaments
- etc...

MILA ANDERSON

Spectator

Personal Data

Age: 20

Accessibility: None

Location: Wellington, New Zealand

Work: Speech & Language Therapist

Technology Capability

- Proficient in websites
- Unfamiliar with desktop pc
- Comfortable with mobile apps

Digital Ecosystems

- Use an iPhone
- Use Google Chrome to browse the web
- Use Epic Games to play pc games
- Use Xbox to play console games

Bio

Casual gamer that enjoys adventuring in open-world games or playing puzzle games with her friends.

Recently picked up interest in watching Overwatch tournaments on YouTube.

Goals

- Find tournaments to watch
- Follow upcoming teams
- Chat with other people that likes to watch overwatch tournaments too

Frustrations

- Keeping track of her favourite team's matches
- Finding her team's previous match data

Mock-ups

Created mock-ups for the view team feature using Figma.

Accessibility

I'll borrow inspiration from YouTube's design to make the feature intuitive to use, given spectator persona's familiarity with YouTube.

To account for event organiser persona's dyslexia, I'll used large bold font for important information and visually make text stand out from their background.

Also I'll make a mobile view too to make sure the design works well on all devices.

Setup SSH

I added my public SSH key to my git profile and then used it to clone to the git repo

User Settings / SSH Keys

Q Search page

SSH Keys

SSH keys allow you to establish a secure connection between your computer and GitLab. SSH fingerprints verify that the client is connecting to the correct host. Check the [current instance configuration](#).
